## *Rules/Discipline Policy*

When behavior is inappropriate, the children will receive notes home or Art Progress Reports. Positive notes are sent home as follow-up as well. If you have questions, comments, or concerns, please feel free to call 397- 0600 between the time of 12:15-12:55 Monday –Friday.

## *Grading Policy*

At Northwest Crossing, participation and behavior in Art comprises the grade each student receives each 9 weeks. I take grades in both, each time the students come to art in the 6-day rotation. I look for listening skills and ability to follow directions, participation, and appropriate behavior, supply usage, and completed assignments. The students have 45 minutes to work on their projects in art. Free time and parent involvement is encouraged to help complete the artwork as well.

I try to keep an involved and exciting art room for the students. We do have fun when we work and I am happy to display as much student artwork as I can, on the bulletin boards, office windows, and library windows. Come by and have a tour of our gorgeous hallways. The artwork is also available on line for your viewing pleasure.
